What We Do

1. “Art Gym” – Shared studio spaces with a monthly access fee (similar to the YMCA model).

2. Classes and immersive workshops taught by professional level instructors.

3. Inspirational and educational events. Our stage area will be connected to our sound studio and allow for live streaming and recording of events to be displayed on our website.
Some major goals of our center re-design and construction will be to reuse and recycle as much of the existing structure and systems as possible, improve energy performance, reduce water use, and improve lighting.
